Re-Medicare Part B

Dear Retiree:

The Public Employees Supervisors' Union has recently become aware that some of our former members are entitled to a reimbursement of Medicare Part B by the County of Essex and the former member has not submitted the paperwork which is necessary.

In order to receive the reimbursement you must make a copy of the original Medicare identification card showing the receipt of Medicare Part B. The copy of the Medicare identification card showing the receipt of Medicare Part B must be sent to the Essex County Personnel Department at the Hall of Records in order to receive the reimbursement. **Reimbursements cannot be back dated and will only be paid from the time the County receives your request.**

Sincerely yours,

Carol L. Perkins, President PESU
